SECTION 1. INTRODUCTION AND BACK GROUND

Rwanda Engineering and Manufacturing Corporation (REMCO) is a company that started in 2018 and is owned by the government of Rwanda. REMCO was established to manufacture machines, equipment and spare parts that were previously imported to serve in the sectors of Agriculture mechanization, Construction, Mining, Automotive, Energy, Defense and Health care. REMCO also provides technical support services to other local as well as regional companies through training, repair and maintenance services.

REMCO hereby invites qualified and reputable bidders to submit their bids/offers for the supply of **PAINTS & ACCESSORIES**. These Goods are essential to support REMCO's ongoing manufacturing and assembly activities across its operations. The Paints and Accessories will be used in the production of various final products, and suppliers are expected to meet the required quality and performance standards.

Interested bidders should ensure their submissions comply with the specifications and conditions outlined in the tender documents.

SECTION 2. SCOPE OF SERVICE

The successful bidder shall be required to provide these Paints and Accessories as per the required specification and requirements mentioned in this document below in the best quality and they must be able to serve the purpose for which they are intended to.

The above services shall be offered at the successful bidder's premises and shall be rendered successful upon thorough and clear inspection by the appointed member of REMCO staff.

SECTION 3. TENDER PRESENTATION AND REQUIREMENTS

All tenders must include and present the following phases and they will be evaluated in the same fashion.

3.1. ADMINISTRATIVE ELIGIBILITY

All bidders shall provide the following documents as the first criteria to be followed for the first stage of evaluation.

- a. A valid business registration certificate
- b. A valid company profile

3.2. TECHNICAL QUALIFICATION AND INSTRUCTIONS

All bidders shall present the following as the second criteria to be followed in the second stage of evaluation.

- a. A list of specifications that must correspond to the following specifications. lower specification will not be tolerated or accepted.
