SECTION 1. INTRODUCTION AND BACK GROUND

Rwanda Engineering and Manufacturing Corporation (REMCO) is a company that started in 2018 and is owned by the government of Rwanda. REMCO was established to manufacture machines, equipment and spare parts that were previously imported to serve in the sectors of Agriculture mechanization, Construction, Mining, Automotive, Energy, Defense and Health care. REMCO also provides technical support services to other local as well as regional companies through training, repair and maintenance services.

REMCO has got a design team that deals with generating product designs that are followed or used by the production team during production of any required item. Therefore, in an effort to enhance the accuracy and efficiency of the design process there is need for measuring tools that are used for taking accurate measurements for the designs to be able to meet the highest standards of precision and quality. It is in that regard therefore that Remco would like to invite qualified bidders to submit their bids/offers for the tender for supply of measuring tools.

SECTION 2. SCOPE OF WORK

The successful bidder shall supply the measuring tools as per the required specifications and requirements mentioned in this document below in the right quantities and best quality and they must be able to serve the purpose for which they are intended to.

SECTION 3. TENDER PRESENTATION AND REQUIREMENTS

All tenders must include and present the following phases and they will be evaluated in the same fashion.
